

Day 8
December 18, 2022

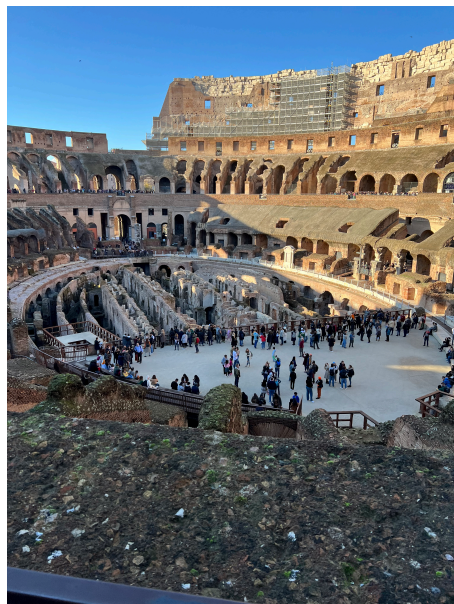

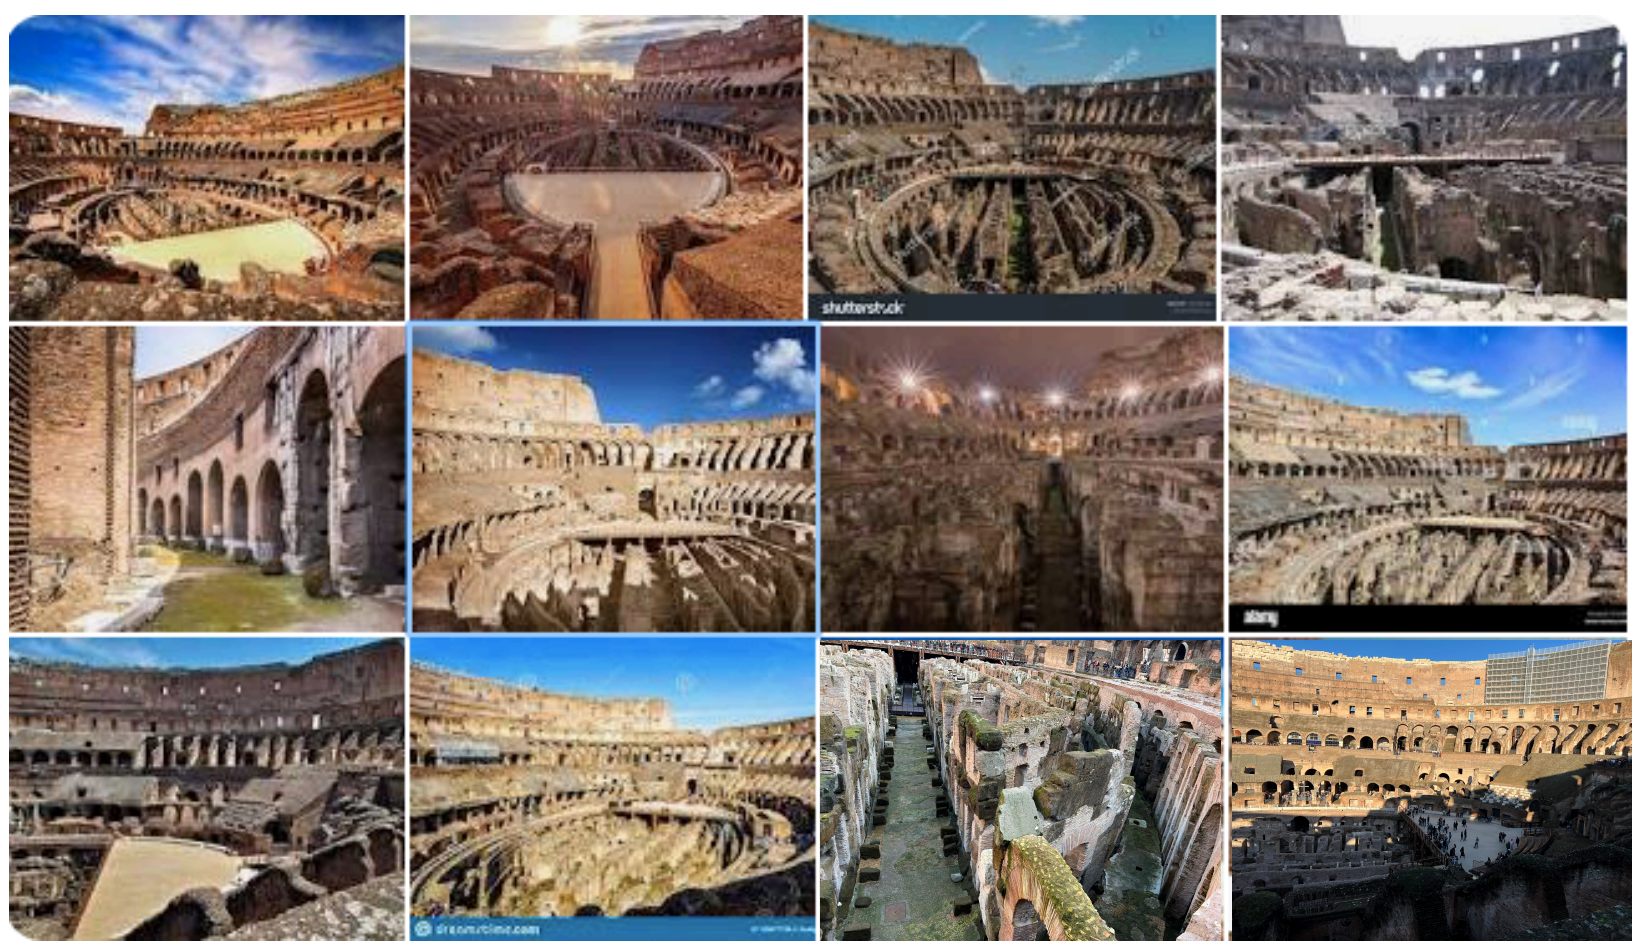

Today is a clear non rainy day so I went back to the Colosseum. First two pictures show what the Colosseum originally looked like and the second picture is what it is today.

Colosseum; Rome, Italy. It is largest ancient amphitheatre ever built, and still largest standing amphitheatre in the world. Construction began under emperor Vespasian (r. 69-79 CE), in 72 CE and was completed in 80 CE under Titus (r. 79-81 CE).
