At Sea

We moved our clocks back another hour at midnight. We left New Zealand behind, and MSC Magnifica continued it's crossing in the Tasman Sea towards the Australian continent, heading to Hobart. The distance between Milford sound and Hobart is 900 nautical miles and our cruising speed is 14.6 knots, still rough seas. Australia, officially the Commonwealth of Australia, is a sovereign country comprising the mainland of the Australian continent, the Island of Tasmania and numerous smaller island. Australia is the largest county by area in Oceania and the world's sixth-largest country. It is the oldest, flattest and driest inhabited continent, with the least fertile soils.
