The ship docked across the street from my apartment so it made it easy for me to board. Louis and Kate met me at the ship. You could see Diamond Head in the background from their cabin and it was a beautiful day to board the ship. Louis and Kate have a cabin with a Lanai (Balcony), No. 7286. I have a Handicap inside cabin No. 8170. The Handicap rooms are huge.

I moved things around in my cabin, my friend John P. will join us on the cruise from Vancouver to Alaska and we will share this cabin. We had dinner at the Tuscan Grille, I had been wanting a nice steak for a few months now. Louis was not feeling well so we took his dinner to him.
